 - Task Decomposition
 - Time Blocking
2. Promoting Self-Reflection
 - Event Log
3. Impacts on Learning Environment
 - Factor Analysis
 - Improve Classroom
 - Offers Alternative of Tutors

Key Take-aways

The Conscientious Buddy

It is worth noting that a person does not necessarily have to let the model take control of their life or the whole decision-making process as it can result in an unhealthy model-user relationship. Instead, the model should help support students as a *conscientious buddy*.

Adapt With the Trend

As there is and ongoing trend around the moves towards using available information to drive the educational activities, there will be a significant increase in demand for practitioners with sufficient knowledge to develop and maintain the system. Individuals who have interest in technology should learn with trend to be able to meet with the market demand.
